PRESIDENT'S COLUMN

It is just 3 months until Barbara steps down and I take over as President. During the 2007-08 Rotary year, we will be celebrating our 20th anniversary as a club. On November 24, 1987 The Rotary Club of Kernersville was chartered with 22 members.

This club has had a very successful first 20 years. During that time, the club has raised over \$500,000 through its service projects and other fund-raising activities. That money has gone to help residents at the local nursing homes, the students at Cash Elementary School, for scholarships for students at East Forsyth and Glenn High Schools and many other projects all around the world. Throughout our first 20 years this club has shared a lot with the world. It has shared its talents, it's time and it's money to help make the world a little better.

The Rotary International 2007-08 theme is "Rotary Shares". I know that this club will continue to share throughout the coming year and have another outstanding year.

I am looking forward the next year and serving as the President of The Rotary Club of Kernersville and leading this club in what will be another successful year as "Rotary Shares".

Yours in Rotary,
Brian Stewart
