PRESIDENT's COLUMN

Hold on Tight!

In our club, March may go out like a lamb and April showers may bring May flowers, but both just mean that things are about to get really busy once again for the Rotary Club of Kernersville. The last quarter of the Rotary Year promises to be plenty busy, so jump in and get involved – we've got a lot to do!

April starts off with a visit from the Inbound Group Study Exchange Team from Australia, which visits Kernersville on April 6. We'll follow that up with another car cruise-in in downtown Kernersville to raise funds for the Triad Flight of Honor project on April 17. Then things get really busy with District Conference April 23-25, Spring Folly May 7-8, the dedication of the Rotary Club Farmers Market on May 14, and Scholastic Banquet on May 17. Finally, we finish out the Rotary year with Pedal the Piedmont on June 12. In between we'll still have weekly meetings, monthly board meetings, Students and Teachers of the Month to recognize, high school scholarships to award, and a transition to next year's leadership team to get underway.

We need your help to make all of these important events happen. Fasten your seatbelt; it's going to be a wild ride to the finish!

Jason Grubbs
