Stephanie Freeman – Piedmont  
Triad International Airport**

## PRESIDENT's COLUMN

February is World Understanding Month in Rotary. And watching the news at night I quickly realize how little that I actually know about what goes on in our world each and every day. Not only overseas, but here in the US as well.

As Rotarians though we have a unique opportunity to be able to better understand the world in which we live. Rotarians have also been welcoming with each other, whether it is another club in our district, some other state or any place around the world. I have had the opportunity to visit several different clubs while traveling. It is truly an experience to walk into another Rotary club and announce that you are a fellow Rotarian and feel the warmth with which you are welcomed. For those of you that have never been to another club I encourage you to take any chance that you get to go and see the way that Rotarians from another club open their arms to welcome you.

If we all are able to do this we can maybe understand our world just a little bit better.

Yours in Rotary,  
Brian
